Statement on Anti-Money Laundering, Anti- Terrorist Financing and Sanctions

Virtu ITG Canada Corp. and its affiliates (collectively “Virtu”) are committed to detecting and deterring persons engaged in money laundering or terrorist financing from utilizing Virtu products or services. Virtu is equally committed to ensuring its products and services are not used to violate or circumvent economic sanctions. This commitment is honoured through the establishment of regional Anti-Money Laundering and Anti-Terrorist Financing (“AML/ATF”) and Sanctions risk and compliance management programs that are designed to detect and report suspected money laundering and terrorist financing activity prohibited by sanctions. Virtu is subject to, and bound to comply with, the AML/ATF and Sanctions laws and regulations in each of the jurisdictions in which it operates.

In Canada, the Chief Compliance Officer of Virtu ITG Canada Corp. acts as designated AML/ATF Compliance Officer (“AML Officer”) and is responsible for establishing and maintaining the firm’s Canadian AML program. It is the policy of the Board of Directors and Senior Management of Virtu ITG Canada Corp. to prohibit and actively prevent money laundering and any activity that facilitates money laundering or the funding of terrorist or criminal activities.

The Proceeds of Crime (Anti-Money Laundering) and Terrorist Financing Act (“PCMLTFA”) and the Financial Transactions and Reports Analysis Centre of Canada (“FINTRAC”) govern the compliance, reporting and other requirements of the financial community and other individuals and entities. The Investment Industry Regulatory Organization of Canada (“IIROC”), of which Virtu ITG Canada Corp. is a member, monitors members’ compliance with PCMLTFA and regulations of FINTRAC.

In accordance with these legislative and regulatory requirements, the AML/ATF program of Virtu ITG Canada Corp. and supporting policies set out requirements that include:

1. Board of Directors and Senior Management oversight of the Virtu ITG Canada Corp. AML/ATF program through regular reporting from the firm’s AML/ATF Compliance Officer;

Virtu ITG Canada Corp.'s AML/ATF program is routinely evaluated, updated and enhanced in order to reflect changes to the firm's business activities, as well as applicable supervisory standards and legal requirements. It is the responsibility of each Virtu employee to protect the firm from exploitation by money launderers. In line with this responsibility, Virtu is committed to educating and training its employees in money laundering prevention on an ongoing basis.

An employee's non-compliance with the firm's AML/ATF risk and compliance management policies can create reputational damage to both Virtu and the employee and can result in internal disciplinary measures or termination of employment from Virtu. FINTRAC may issue an administrative monetary penalty to the individual employee and/or firm, the size of which is dependent on the degree of harm caused by the violation (but can be up to \$100,000.00 per very serious violation for an individual, and \$500,000 per very serious violation for an entity). In addition, FINTRAC may disclose cases of non-compliance to law enforcement, where an employee(s) may be subject to criminal penalties, including the following:

- Failure to report suspicious transactions: up to \$2 million and/or five (5) years imprisonment;
