Leave Single sign-on **unchecked** and click **Next**

Citrix Workspace

Enable Single Sign-on

When enabled, single sign-on remembers your credentials for this device, so that you can connect to other Citrix applications without having to sign in each time. You should do this only if your IT administrator has instructed you to. This will take effect the next time you log on to this device.

Enable single sign-on

For more information on configuring single sign-on, please see article CTX133982 at citrix.com/support.

Next Cancel

Leave App protection **unchecked** and click **Install**

App protection

Enable this option to prevent screen captures of the app, and to protect it from keylogging malware.

Enable app protection

Warning: You cannot disable this feature after you enable it. To disable it, you must uninstall Citrix Workspace app. For more information, contact your system administrator.

Install

Once installation is finished, select **Add Account**

citrix™

Installation successful

If you received instructions to set up Citrix Workspace app with your email or a server address, click Add Account. Otherwise, click Finish, and you can set up an account later.

Add Account

Finish

Enter your regional site to connect to and click **Add**

AMER primary: njaccess.virtu.com
AMER backup: chiaccess.virtu.com
LA: laaccess.virtu.com
London: lonaccess.virtu.com
Dublin: dubaccess.virtu.com
Sydney: sydaccess.virtu.com

Add Account

Enter your work email or server address provided by your IT department:

Do not show this window automatically at sign-in.

The login page will popup. Enter your username and password. You will be prompted by MFA on your phone.

You will then be presented with your applications and/or Desktops.
Launch the desired application by clicking on the icon once.
